“

We are very fortunate to have a place like the Courage Cottage in our community. I felt safe and secure and my family did not have to worry about me.

Sonia Meyer,
former resident

HOME AWAY FROM HOME

On the corner of Columbia Avenue and First Street in Morris, sits a warm, inviting home. From the outside, it doesn't look too different from many other homes in the Morris community, but inside residents and their families find physical, emotional and spiritual support. The Courage Cottage provides specialized care in a home-like setting. Their specialty care services have brought support and comfort to countless residents and their families since its inception in 2001. The Stevens County community has come to know and depend on the Courage Cottage for its excellent services right here at home. The Stevens Community Medical Center (SCMC) owns and operates the Courage Cottage as a department of the healthcare center. They contract with area hospice and homecare providers to coordinate nursing care.

YOUR SUPPORT IS NEEDED

The Courage Cottage relies on fundraising efforts to meet operating expenses. Unfortunately, the cost to the resident does not fully cover the expenses. We remain committed to keeping resident fees affordable to make services accessible for everyone. In order for the Courage Cottage to meet its financial needs and be fully sustainable, your contributions are needed. We are asking those who believe in the Courage Cottage and those people who have experienced excellent care and services to consider making a contribution to the Courage Cottage. Every dollar given makes an impact and is directly used for services, materials, equipment, and maintenance needs to ensure every resident receives the very best care possible.

Annually, the Courage Cottage holds a Rubber Ducky Derby after the Morris Prairie Pioneer Days parade and also a Thanksgiving Day Turkey Trot. All proceeds go to benefit the Courage Cottage.

A Home for Comfort, Care & Compassion

- 1** 5 bedroom, home-like setting. Private living quarters with private 1/2 bath.
- 2** An alternative to a nursing home and assisted living.
- 3** Quality care in a calm and caring atmosphere.
